

An amendment to the draft Organizational Priorities Resolution, to create a new Section 5 and renumber following sections:

"The NPC, in cooperation with the locals and networks, will do educational work around the struggle to pass the Employee Free Choice Act. Our educational activities will be directed at both the general public and activists in non-labor movements and communities and will emphasize the importance of a strong labor movement not only to its own members, but to the struggles for justice in society as a whole."
